INTERNAL EMAIL

Hi Coach,

We are getting close to the 2019 AFCA Convention in San Antonio. As you have probably noticed by now, there was not an "official" convention mailing this year. We included the convention information in the July/August 2018 AFCA Magazine. In there was a preview of the convention deadlines and important information regarding registration and hotel reservations. We also have the information on our website at [REDACTED]

Attached is more information pertaining to you. It includes an RSVP form that is due by **Wednesday, October 31**. In December, we will send a final Board itinerary with all the complete times, rooms, etc.

Please do not hesitate to contact me if you have questions.

All the best,

Hello,

My name is [REDACTED] and I am currently a student here at the University of Florida. I have an usual question to ask, and I wasn't sure how to go about it, so I thought I'd email you directly. My uncle [REDACTED] has been a die hard gators fan his whole life and is an alumni from here and has always gone above and beyond to support me in my dream to attend this university. He has recently been diagnosed with terminal brain cancer, more specifically a grade 3 astrocytoma. His birthday is coming up at the end of October and I was wondering if it is at all possible to receive your help in getting him a game ball with signatures on it (players and yours). I know this may seem far-fetched, but I thought I'd just ask to see if it is possible. Any insight you have on this would be helpful.

Thank you,
[REDACTED]

Dear President Fuchs & Staff,

This email comes to you as a sincere thank you. With the generous help of your ticket staff, my father who has Stage 4 lung cancer that has spread to numerous areas of his body and to most recently his brain stem was able to witness one more Gator football game on September 15th. He was a student from [REDACTED] and has been a season ticket holder and Gator booster for many years. Some of my best memories growing up are going to The Swamp on Saturdays. Because of him I have been able to share the same memories with my own children, one of whom is a current student. Due to his illness, I have recently inherited the season tickets to continue the family tradition.

Without hesitation, after conveying our story to our ticket representative [REDACTED] he communicated our request for my father to see one more game in an environment conducive to his needs as he is not be able to tolerate the extreme heat and knowing that our time as a family is limited. [REDACTED] was able to accommodate above and beyond our expectations. My family was put in a suite area that allowed us to have the best game day experience and one that my father will never forget.

It was a wonderful feeling to be able to give to a man who deserves more than I could ever give. To see a smile on my father's face during the game was priceless and my family and I will forever be grateful!

Not only is the University of Florida a top notch school but you have the most amazing people on your staff that truly care and deserve the recognition.

Sincerely,

[REDACTED]
Florida Gator Booster & Fan
